Section 1.

"(a) The State of Texas and each of its political, governmental and administrative subdivisions, departments, agencies, association of public employees, and the governing boards and authorities of each State university, college, common and independent school districts or of any other agency or subdivision of the public school system of the State of Texas are authorized to procure contracts insuring their respective employees or any class or classes thereof under a policy or policies of group health, accident, accidental death and dismemberment, and hospital, surgical, and/or medical expense insurance. The dependents of any such employees may be insured under group policies which provide hospital, surgical and/or medical expense insurance. The employees' contributions to the premiums for such insurance issued to the employer or to an association of public employees as the policyholder may be deducted by the employer from the employees' salaries when authorized in writing by the respective employees so to do."

"(b) Independent School Districts, in counties having a population of at least 900,000 according to the most recent United States Government Census, procuring policies insuring their employees under this Section may pay all or any portion of the premiums on such policies from the local funds of such Independent School District, but in no event shall any part of such premiums be paid from funds paid such districts by the State of Texas."

2. The fact that there is no clear authority for contributions by Independent School Districts in said Article 3.51 to the payment of premiums for insurance provided therein creates an emergency and public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended; and said rule is hereby suspended and this Act shall take effect and be in force from and after its passage, and it is so enacted.

H. B. No. 200, A bill to be entitled "An Act to authorize water improvement districts to sell lands belonging to such districts; providing for the disposition of the proceeds of such sale in certain cases; and declaring an emergency."

The bill was read second time.

Senator Hudson offered the following amendment to the bill:

Amend House Bill 200 by striking out all below the enacting clause and inserting in lieu thereof the following:

"Section 1. Any land or interest in land acquired by any water improvement district to carry out the plans of the district which may be found not to be reasonably required for such purpose may be sold under orders of the directors of the district at public sale to the highest bidder, and the proceeds of such sale shall be applied as follows:

(a) Unless said proceeds are needed as provided in (b) below the same shall be placed in the interest and sinking fund account provided for the retirement of outstanding bonds of the district, if there be any such outstanding bonds;

(b) If additions or betterments to the improvements of the district are needed and sufficient funds from other sources are not available for making such additions or betterments the proceeds of such sale may be used for such purposes to the extent required therefor;

(c) If and to the extent that such proceeds are not required to be applied under sub-paragraph (a) or (b) of this Section, the same may be used for any lawful purpose of the district as may be ordered by its board of directors.

Section 2. Before making any sale of any such land originally acquired

for the purpose of carrying out plans of the district and found not to be needed for such purpose, the district must give notice of the intent so to do by publishing such notice once a week for two consecutive weeks in one or more newspapers to give general circulation in the district, the first of which publications to be made at least ten days prior to such sale.

Section 3. Any land of such district acquired through foreclosure of its liens for maintenance and operation assessments, or acquired otherwise than for carrying out the plans of the district, may be sold at public sale to the highest bidder, and the proceeds of the sale thereof may be used for betterments or improvements or the maintenance and operation of the system of the district or otherwise in carrying on the business of the district as may be determined by the Board of Directors of the district.

Section 4. The fact that there is now no adequate law authorizing water improvement districts to sell lands under the circumstances provided in this act, creates an emergency and an imperative public necessity that the constitutional rule requiring that bills be read on three several days in each House be suspended, and said rule is hereby suspended, and that this act shall take effect and be in force from and after its passage, and it is so enacted."
